SECTION 1: Identification

Product identifier
   Product name: Grey Resin
   Product code: FLGPGR04

Recommended use of the product and restriction on use
   Relevant identified uses: For use in formlabs SLA Printers
   Uses advised against: Not determined or not applicable.
   Reasons why uses advised against: Not determined or not applicable.

Manufacturer or supplier details
   Manufacturer:
   United States
   Formlabs, Inc
   35 Medford St
   Suite 201 Somerville, MA 02143
   6178550762
   sds@formlabs.com

Emergency telephone number:
   United States/Canada
   CHEMTREC
   1-800-424-9300 (24 Hours)

SECTION 2: Hazard identification

GHS classification:
   Eye irritation, category 2A
   Skin sensitization, category 1
   Chronic aquatic hazard, category 2

Label elements
   Hazard pictograms:

   ![Exclamation Mark] ![Flame]

   Signal word: Warning

Hazard statements:
   H319 Causes serious eye irritation
   H317 May cause an allergic skin reaction
   H411 Toxic to aquatic life with long lasting effects

Precautionary statements:
   P264 Wash skin thoroughly after handling
   P280 Wear protective gloves/protective clothing/eye protection/face protection
P261 Avoid breathing dust/fume/gas/mist/vapours/spray
P272 Contaminated work clothing should not be allowed out of the workplace
P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing
P337+P313 If eye irritation persists: Get medical advice/attention
P302+P352 IF ON SKIN: Wash with plenty of soap and water
P333+P313 If skin irritation or rash occurs: Get medical advice/attention
P363 Wash contaminated clothing before reuse
P501 Dispose of contents/container in accordance with local/regional/national regulations

Hazards not otherwise classified:
None

SECTION 3: Composition/information on ingredients

Additional Information: None

SECTION 4: First-aid measures

Description of first-aid measures

General notes:
Show this Safety Data Sheet to the doctor in attendance.

After inhalation:
Remove source of exposure or move person to fresh air and keep comfortable for breathing. If experiencing respiratory symptoms: Call a POISON CENTER or doctor.

After skin contact:
Wash off immediately with soap and plenty of water while removing contaminated clothing and shoes. See a physician if irritation persists.

After eye contact:
Immediately flush eyes, under eyelids with water for 15 minutes. Remove contact lenses, if present to do so. Protect unexposed eye. Continue rinsing on the way to hospital.

After ingestion:
If swallowed, DO NOT induce vomiting unless told to do so by physician or poison control center. Rinse mouth with water. Never give anything to drink to an unconscious person. Seek medical advice.

Most important symptoms and effects, both acute and delayed

Acute symptoms and effects:
Symptoms may include blistering, irritation, burns and pain. Effects are dependent on exposure (dose, concentration, contact time).
SECTION 5: Fire-fighting measures

Extinguishing media

Suitable extinguishing media:
- Alcohol-resistant foam, Dry chemical or Carbon dioxide

Unsuitable extinguishing media:
- None known

Specific hazards during fire-fighting:
Evacuate all personnel to a predetermined safe location, no less than 2,500 feet in all directions. Can explode or detonate under fire conditions. Burning material may produce toxic vapors.

Special protective equipment for firefighters:
Firefighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA)

Special precautions:
Avoid inhaling gases, fumes, mist, dust, vapor or aerosols. Avoid contact with eyes, skin, hair or clothing.

SECTION 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures:
Wear respiratory protection. Avoid breathing vapours, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas. For personal protection see section 8.

Environmental precautions:
Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Discharge into the environment must be avoided.

Methods and material for containment and cleaning up:
Contain and soak up spill with absorbent that does not react with spilled product. Place used absorbent into suitable, covered, labelled containers for disposal.

Reference to other sections:
For disposal see section 13.

SECTION 7: Handling and storage

Precautions for safe handling:
Avoid contact with skin, eyes, and clothing. Follow good hygiene procedures when handling chemical materials. Refer to Section 8. Follow proper disposal methods. Refer to Section 13. Do not eat, drink, smoke, or use personal products when handling chemical substances.

Conditions for safe storage, including any incompatibilities:
Store in a cool, dry, well ventilated place. Store away from sources of heat or ignition. Store away from incompatible materials described in Section 10. Keep containers closed when not in use.

SECTION 8: Exposure controls/personal protection

Only those substances with limit values have been included below.

**Occupational Exposure limit values:**
No occupational exposure limits noted for the ingredient(s).

**Biological limit values:**
No biological exposure limits noted for the ingredient(s).

**Information on monitoring procedures:**
Not determined or not applicable.

**Appropriate engineering controls:**
Effective ventilation in all processing areas.

**Personal protection equipment**

**Eye and face protection:**
Safety goggles

**Skin and body protection:**
Impervious clothing and chemical resistant gloves

**Respiratory protection:**
In case of insufficient ventilation, wear suitable respiratory protection

**General hygienic measures:**
Handle in accordance with good industrial hygiene and safety measures. Wash hands and face after handling chemical products. Wash hands before eating, drinking and smoking. Wash hands at the end of the workday.

SECTION 9: Physical and chemical properties

**Information on basic physical and chemical properties**

SECTION 10: Stability and reactivity

Reactivity:
Does not react under normal conditions of use and storage.

Chemical stability:
Stable under normal storage and handling conditions.

Possibility of hazardous reactions:
Under normal conditions of storage and use, hazardous reactions will not occur.

Conditions to avoid:
Incompatible materials.
Avoid storage >38°C (100°F) and exposure to light/direct sunlight and heat.

Incompatible materials:
Strong oxidizing agents.
Polymerization initiators, including peroxides, strong oxidizing agents, alcohols, copper, copper alloys, carbon steel, iron, rust, and strong bases.

Hazardous decomposition products:
Under normal conditions of storage and use, hazardous decomposition products should not be produced.

SECTION 11: Toxicological information

Acute toxicity
Assessment: Based on available data, the classification criteria are not met.
Product data: No data available.
Substance data:

<table>
<thead>
<tr>
<th>Name</th>
<th>Route</th>
<th>Result</th>
</tr>
</thead>
<tbody>

</table>

Carcinogenicity

**Assessment:** Based on available data, the classification criteria are not met.

**Product data:** No data available.

**Substance data:** No data available.

International Agency for Research on Cancer (IARC): None of the ingredients are listed.
National Toxicology Program (NTP): None of the ingredients are listed.

Germ cell mutagenicity

**Assessment:** Based on available data, the classification criteria are not met.

**Product data:**
No data available.

**Substance data:** No data available.

Reproductive toxicity

**Assessment:** Based on available data, the classification criteria are not met.

**Product data:**
No data available.

**Substance data:** No data available.

Specific target organ toxicity (single exposure)

**Assessment:** Based on available data, the classification criteria are not met.

**Product data:**
No data available.

**Substance data:** No data available.

Specific target organ toxicity (repeated exposure)

**Assessment:** Based on available data, the classification criteria are not met.

**Product data:**
No data available.
SECTION 12: Ecological information

Acute (short-term) toxicity
- **Assessment:** Based on available data, the classification criteria are not met.
- **Product data:** No data available.
- **Substance data:** No data available.

Chronic (long-term) toxicity
- **Assessment:** Toxic to aquatic life with long lasting effects.
- **Product data:** No data available.
- **Substance data:** No data available.

Persistence and degradability
- **Product data:** No data available.

<table>
<thead>

</tr>
</tbody>
</table>
SECTION 13: Disposal considerations

Disposal methods:
It is the responsibility of the waste generator to properly characterize all waste materials according to applicable regulatory entities.

Contaminated packages:
Not determined or not applicable.

SECTION 14: Transport information

SECTION 16: Other information

Abbreviations and Acronyms: None

Disclaimer:

This product has been classified in accordance with the Canadian Hazardous Products Regulations and WHMIS 2015. The information provided in this SDS is correct, to the best of our knowledge, based on information available. The information given is designed only as a guidance for safe handling, use, storage, transportation and disposal and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials, unless specified in the text. The responsibility to provide a safe workplace remains with the user.

Initial preparation date: 12.11.2019
